MONTE ALBAN MEZCAL

FACT: Mezcal was named Vino de Mezcal by the Spanish. It was made under specific vintage conditions with characters relating to a particular harvest.

Like the original Mezcal, Illegal is produced and hand-bottled in small batches, with each bottle receiving its own number within a specifically numbered lot.

FACT: The Agave plants used in Lanazul come from the same botanical line of mother plants used for over 250 years, dating back to the first distillery started by Jose Antonio de Cuervo and carried on through eight generations of agave growers.
